VOLUME 4

REDCLIFF, ALBERTA, FRIDAY, JANUARY 23, 1914

NUMBER 4

## Modern Treatment of Delinquents

The Warden from Lethbridge  
Jail Delivers a Very  
Able Address

WAS WELL RECEIVED

He Compared Modern With  
Ancient Methods of  
Handling Prisoners

Dr. J. H. Rivers, warden of the Provincial jail at Lethbridge delivered a very able address before the Men's Christian League last Sunday afternoon on the "Modern Treatment of Delinquents." He started out by reading extracts from a report on the prison system of England of some two hundred years ago and contrasted it with the system of today. Instead of starving and ill-treating the prisoners as in by-gone days, they were now given comfortable beds with plenty of wholesome food and plenty of outdoor exercise. He believed that instead of a prison being a place to send people too to be punished for wrong doing, that it should be used as a place for reformation. He believed that the more confidence you placed in short term prisoners the less probability there would be of them being returned for a second offense. A man that is ill-treated and how-beats is in no humor to be reformed and is bound to resent such treatment at every opportunity. Dr. Rivers then went on to show the confidence he had placed in some of his prisoners in his charge and in no instance had they betrayed his confidence. He cited a case of a man who had been sent to his institution from Lethbridge. He had been painted as a bad man. Shortly after this man had entered the jail the doctor had called him and he wished to turn out to pasture. The pasture was about 35 miles from Lethbridge and as he or any one of the other of the attendants were not very anxious to ride the horse 35 miles, he called this particular prisoner into his office and asked him if he would like to ride the horse to a certain ranch. He said he would if permitted to. The warden said that he started this man out at 5 o'clock the next morning with the horse and two dollars and told him he would meet him at the depot the following morning with his machine. When the train pulled in the next day the first man to get off was his prisoner. He said that this same man is a good business in this province today and doing well.

The doctor cited several similar instances and closed by saying that those out of jail should remember that those in jail had just been to the cases that they caught.

Dr. Rivers lecture was very interesting and was highly appreciated by the 100 or more men present.

## The Presbyterian Church Services

The Rev. H. H. Hamilton of Toronto will preach on Sabbath forenoon at eleven o'clock in the Church. He can be with us for one service only, having engaged to speak in Medicine Hat in the evening.

In the Empire Theatre at half past seven in the evening, Rev. G. Lawson Gordon will preach on "Can we do without religion?"

The Sabbath School meets at two afternoon. The Union Bible Class meets at half-past three every Sabbath and is thoroughly understood.

## national and the oldest interdenominational organization in town. All are welcome to its privileges.

At eight on Wednesday evening a prayer and praise service will be held in the Church. The choir meets on Thursday evening.

Last Sabbath evening Miss McGregor delivered an able and interesting address on mission work at home and abroad, and assisted at the organization of an Auxiliary of the Woman's Missionary Society. Seventeen ladies enrolled as members of the new society, and many more will add their names to the honorable list. The officers of the Auxiliary are: President, Mrs. G. L. Gordon; First Vice-president, Mrs. W. D. Watter; Second Vice-president, Mrs. Fairbairn; Treasurer, Mrs. C. T. Hall; Secretary, Mrs. A. Symon.

On Wednesday evening Rev. H. P. Davidson of Calgary lectured in the Church on the work of the Moral and Social Reform movement. He had a powerful stentorian, and illustrated on canvas the different types of immigrants and the ease given them, and their success or failure in their adopted country, the care of the sick, and the lifting up of the fallen, together with some other phases of enterprising Christianity.

The Reading Room is open in the Church every evening from half past seven to ten o'clock.

## BALLENTYNE WILL ADDRESS M. C. L.

Mr. H. Ballentyne, national secretary of the western provinces for the Y. M. C. A. will address the Men's Christian League on Sunday afternoon at 3 o'clock. During Mr. Ballentyne's visit some thing definite in the way of a Y. M. C. A. organization will take place. As large a crowd as possible should be on hand to welcome Mr. Ballentyne. He is a fine speaker, and a "live wire." He will be worth listening. Special music will be given. All men welcome.

## SPECIAL TRAIN TO TABER GAME

The Redcliff Hockey Club expects to run an excursion to Taber on Wednesday next the special train leaving Redcliff at four thirty or five o'clock in the afternoon and returning immediately after the game. The fare will be \$2.45 return and as it is necessary to guarantee one hundred passengers, any one wishing to make the trip will confer a favor by leaving their names at the Laurel Hotel Cigar Stand at once or with any member of the club executive P. T. Hannan Imperial Bank, E. P. Murphy or J. G. Douglas.

## Concert in Aid Families of Unemployed

The Union Bible Class is giving a Concert in aid of the above "Fund" on Monday January 26th, in the Presbyterian Church at 8 P.M. Mr. William Ardinger, (Vice President) will preside. The following Ladies and Gentlemen have promised to sing: Mr. Blaine, Mr. Frank Blatchley, Mr. D. Smith, Miss McKay, Miss Sherwin, Miss Webb, Mrs. Johnson, Miss Fairbairn, Miss Woodcock, Mr. King, Mr. Gibson will assist, Mr. Al Lang will give a Devotional, dialect reading. The evening will conclude with a blackboard lecture on the "Hand," together with public reading of hymns. All this for 25c. Owing to the large number of tickets being sold it is quite probable the concert will be repeated on the Tuesday evening.

## DANCE BY THE ENTRE NOUS CLUB

The Entre Nous Club will give another one of its popular dances next Friday night, Jan. 23rd, in the Empire Theatre, commencing at 9.15.

## PARSELS POST TO BE PUT INTO EFFECT

The Dominion government has about completed arrangements to inaugurate a parcel post system and it is hoped to have in vogue by the 1st of February. The new system will allow the sending through the mails of packages weighing not to exceed 12 pounds.

## BOUGHT THROUGH THE REDCLIFF GARAGE

Through an error in our last issue we stated that Mr. Lockwood had purchased a new machine driver from the factory. He purchased through the Redcliff Garage, the local agent for the Chalmers, but being in Detroit not long ago he went to the factory to select the particular style desired.

## STARTS OUT TO CHECK LAWLESSNESS

Winipeg, Jan. 23—Mayor Deacon is determined that Winipeg will be as unsafe for crooks as any city on the American continent, and even if it takes his entire revenue, he says the authorities will do their utmost to entirely eliminate crime and lawlessness. The notorious events which have occurred during the past few months, he stated, must stop, and at once, and the police department would do its best to make this city the last place to which lawbreakers would want to come.

## Investors Get After Realty Operator

London, Jan. 20.—Claiming that certain property, 85 miles from Regina Sask., was sold to them early last summer by misrepresentation and fraud, a number of people living in London, Liverpool, South-west, Bournemouth and other places in Ontario are instituting proceedings against the Robinson Realty company, of Regina, to set aside the conveyance and to secure the recovery of their money, approximately \$20,000.

## OPTIMISM PREVAILS IN THE WEST

Mr. H. V. Meredith, president of the Bank of Montreal, in an interview, said that he was not at all surprised that any one who has not been brought into personal contact with the development of the Canadian West should be apprehensive as to the future, but this fear vanishes the moment one looks upon that country at close range. Perhaps a few municipalities have to some extent discouraged the future, but so great and pressing have their wants become that the alleged excessive borrowings have been and will be very great, in this new country. Mr. Meredith found that the optimism of the West as seen in the face of its people was simply justified, and that it would be exceedingly difficult to speak with a certainty as to the future product of the country, so great are the opportunities.

## REDCLIFF DEFEATS TABER TEAM

Tuesday Night's Hockey  
Game Was a Walk-  
way for Locals

TABER FAILS TO SCORE

Medicine Hat Wins Thursday  
Night's Game by a  
Score of 11 to 4

FROM OUR LOCAL PRESS

Redcliff! Redcliff! we have no yell, but when we yell we yell like (yes, indeedly).

Did we win? Don't get in a hurry. Look at the score and "we should worry."

One two three and up to six, in the game all the time. Little Hill and Great Big Joe.

The latter with a little son Toe. Bill was there with a great big board. Used it like an old war sword.

The goals he got they numbered four. Said he "only boys I only played over 7."

Little Murphy, our manager told. Rode to victory like a horse bold. Rooters don't forget them Lionel, Harry Role and Charles R. Symon.

Bill, Pandey and Darling Tom. Frank Baskley and my self with a bunch of pills.

Ladies, ladies, look here been Minnie A and little Miss Crough. And Duggan so pretty and bright. Don't let me fly, oh! that White. But where oh where were the banks.

ers bold? Guess they think that they're too old.

Well, get them out you can let, Dear old Pat and Mr. Slop. Police, Police, oh look at me! Chief and Staff, like half a spruce. Men may come and men may go, But the Lord help us next time.

On Tuesday night last the Redcliff people witnessed the first hockey game of the season. The game was played in the new rink. It was the opening of the Alberta Amateur Hockey Association between Taber and the home team.

The home team beating this famous septette by a score of 6 to 0.

Every member of the home team played a good game and all worked like leavers.

The exceptionally cold weather prevented a large number of people from attending the game and the result was a very poor attendance, which put the club considerably in the hole, as they had to guarantee Taber 400 expense money.

The line up for Redcliff was as follows: Goal, Forbes; Defenders, Joe Orr

## WALKS 13 MILES A DAY IN HOME

In the belief that she was walking many miles a day, and desiring to learn how far she really traveled while at home, Mrs. C. C. Cullen, of Vancouver, obtained a pedometer, which she carried while about her household duties. She kept correct count of the number of miles she walked by day for a month and found that she had covered 400 miles.

On Christmas day, while cooking a big Christmas dinner, she walked 17 1/2 miles. The daily average was a little more than 13 miles. At this rate at the end of a year, she would walk 4800 miles, and in less than six years she would encircle the globe.

While Mrs. Cullen was caring for a sick person in the house, in addition to her daily duties, she walked about 30 miles upon application. Mrs. Cullen weighs nearly 200 pounds.

## and Vic Brown, rover, Eddie Murphy, Centre, Joe Onclote, right wing, Fairbairn, left wing, Harvey.

BEATEN BY HATTERS

The Redcliff Hockey team went down to the Hat last night and played the team of that city. A great crowd of fans witnessed one of the fastest games played in the Hat in years. It was real hockey and a fast game all the way through.

The Hatters realized that they were up against a real bunch of hockey players and played the game for 20 minutes. The Hatters started the scoring after the first ten minutes and at the end of the 20 minutes the score stood 6 to 2 in their favor. At the end of the second period Redcliff had gained on their opponents, the score standing 7 to 4 in favor of the Hat. In the third period the Redcliff team started to weaken and the Hatters made four more goals, the game ending 11 to 4 in favor of the Hat.

Onclote, Murphy, Fairbairn, and Harvey, of the Redcliff team, played a great game and kept the Hatters busy from start to finish.

O. C. Frood acted as referee and Hume Pingle as judge of play. The teams lined up as follows:

Redcliff	Position	Medicine Hat
Forbes	Goal	Dillon
Murphy	Point	Cavanaugh
Onclote	Center	Dunn
Murphy	Rover	Dowd
Fairbairn	Left	Edwards
Harvey	Right	Conna
		Harvey

BURNS' CLUB  
BANQUET TO-NIGHT

The Socialism of Redcliff and their friends will meet at the banquet board in the Redcliff Hotel to-night for their fourth annual celebration. An elaborate menu and a charming good time is expected, a report of which will be given in next Friday's issue. Mr. J. W. Haynes will propose the toast to the improvement of Burns.

## MAYOR BOTT BACK FROM OTTAWA

Mayor R. J. Bott returned from Ottawa this morning where he has been, in the interests of Town of Redcliff, in the matter of certain gas rights, claimed by the City of Medicine Hat. The Hat has really no claim on these rights, but is putting up a big fight to get them.

Mayor Bott said that he had every reason to believe that the Town of Redcliff would be granted the gas rights on the sections in dispute, as the laid close to the town.

## LEASES THE CORONA THEATRE

C. W. Kirkbride, of Redcliff has leased the Corona theatre of Medicine Hat, and takes charge of the house immediately and when seen last night stated that he had made arrangements with William Sherman, of Calgary, whereby the Sullivan & Gonsidine vendible circuit, which is at present showing at the Empire in the Hat will be booked for the Corona commencing February 1, when it will be offered to the public at the price which now obtain at the Empire. Until that time there will be the regular picture plays, with matinee performances and two shows nightly, following the closing of the engagement of the company now at the theatre.

## House to Rent

Well situated, rates very reasonable. Only 100 yards upon application. A. J. Nicholson, phone 57 Broadway.

## SHOE FACTORY MACHINERY HAS ARRIVED

Will Be Put in Place and  
Plant Started as soon  
as Possible

Mr. Young informed the Review yesterday that three car loads of machinery for the shoe factory had arrived this week, one Monday and two Tuesday, and that it would be started immediately and placed in position as fast as possible.

Everything is progressing nicely and in two or three weeks more Mr. Young expects to have the plant in running order and turning out a high grade of boots and shoes.

## VERY SUCCESSFUL DANCE GIVEN

Largest Attendance of Any  
Dance Held in Redcliff  
This Season

The Ladies of the Clive Improvement Society are to be very highly congratulated on the results of the first annual ball held last Friday evening, in the Meng & Scott Block, which was very kindly given in free charge. Soon after 9 p.m. about eighty couples took the floor and dancing was kept up with the usual energy of the Redcliff people into the early hours of Saturday morning.

On arriving at the Hall every one was agreeably surprised at the beautiful room, very few of our citizens realized what a splendid Hall we had in the city for this purpose.

The Ladies had been very busy with their usual skill in decorating the walls etc., and the dances exclaimed on all sides about the excellent floor. The music was supplied for the first two hours by four of our local musicians who acquitted themselves most creditably. At 11 o'clock the Melodine band of the Laurel Hotel, Mr. Yers giving his personal attention to this which, no doubt, was the reason every thing was done in such an excellent manner.

Owing to the very generous help given by our citizens the expenses were kept very low and the ladies netted close on \$200 which will be used in helping to make our city more beautiful.

The ladies wish to convey their best thanks to all who helped to make every thing such a success. To Mr. Meng for donating the Hall, Mrs. Lynch for flowers and plants furnished; Medicine Hat Rosery for plants and flowers; Messrs. Robertson, Roemer and Nicholson for the loan of furniture; Mr. McComb for the use of the piano; W. H. Sherwin for loan of stove etc.; J. M. McLaughlin for carrying the goods to and from the Hall; Messrs. McLaughlin & McLean for all organizing work etc.; Mr. Patterson for gift of cream and all who assisted them in decorating the hall.

## Woman's Auxiliary

The Woman's Auxiliary of the Church of England will meet with Miss Feller next Wednesday afternoon at 2.30.

## Church of England

Sunday school at 2.30 p.m. in the hall. Only 100 yards upon application. A. J. Nicholson, phone 57 Broadway.

Evening at 7.00 p.m. in Maple Hall.

## DR. RIVERS' LECTURE

The lecture delivered by Dr. J. H. Rivers, warden of the Provincial Jail at Lethbridge, before the Men's Christian League last Sunday afternoon, on the "Modern Treatment of Delinquents" was both interesting and instructive, and shows the vast difference between the old and the new method of handling prisoners. The old treatment of prisoners by the prison officials of that time was to inflict as harsh treatment as possible without actually murdering their prisoners. Today the method of handling the delinquents is just the reverse. The prison officials at the present time believe an effort should be made to reform the prisoners put in their charge and believe there is no better way than providing them with proper food and sleeping quarters and something to occupy their time. Dr. Rivers also believes that confidence shown in the prisoners who are sent up for from six months to five years will go a long way to reforming them, for the reason that if a man is placed on his honor he will show his self respect by not abusing the confidence shown in him.

Dr. Rivers has had very good results from the above treatment and is considered one of the best prison officials in Canada to-day.

## What the Panama

## Canal is Costing

To date the United States has expended on the purchase and construction of the Panama Canal \$283,300,000. The Panama Commission has classified expenditures to September 1, 1913, as follows:

Civil administration	\$5,327,792
Law department	80,000
Sanitation	16,842,425
Construction and engineering	190,724,191
General items	\$6,300,398
Fortifications	5,900,000
Total	\$285,544,796

Included purchase of the Panama Canal. The total Panama bonds authorized by law are \$475,200,000, but the government has only issued to date \$134,681,980, and has expended from the general fund of the treasury in the construction of the canal \$194,689,511, leaving bonds authorized, but not yet issued in excess of \$240,000,000.

## The Money Situation

## in the States

Mr. Charles R. Hosmer, writing for the Monetary Times, says: The monetary situation in the United States is much more comfortable than any one could have believed possible some months ago. An acute stringency in the United States was anticipated in that, as certain did it seem that the United States treasury took extraordinary precautions to avert the strain. However, these measures have been found unnecessary, and both call and time money are now being quoted in New York at reasonable rates. So I think one is justified in saying that the things people worried most about failed to materialize.

As regards the situation in Canada, one need but note the wheat shipments from day to day at Winnipeg and the movement of the crop to the seaboard from the head of the Lakes, and the fact that the large sum of money that is being obtained from the crop movement in the Canadian North-west. We also must not overlook the fact that the older provinces of Ontario, Quebec and the Maritime provinces are in a prosperous and healthy condition.

## Large Increase in Railroad Mileage

Statistics compiled by the Provincial Department of Railways show that there has been 530 miles of railway constructed in the Province of Alberta during the past year.

In the whole of the province at the present time there are 5,000 miles of steel either in operation or ready for operation.

In commenting upon this record recently, Premier Sifton said he was

quite satisfied with the progress that had been made, but added that the government would continue its policy of providing adequate transportation facilities for the people of the province.

"Much has already been done," he added, "but we intend to do even better in the future."

Employers of Labor should be protected by Liability Insurance. L. J. J. Landis & Co. write you a policy, Ins. good strong Company.

## You Would Like to Save 20 Per Cent on that New Pair of Shoes

Medicine Hat, Toronto Street.

Redcliff, 3rd Street.

## Greatest Producers of Automobiles

According to government statistics, there are more automobiles in the United States than in all of Europe, while Canada's record is notable, too. England, the largest of the producers overseas, turns out only about 20,000 cars a year; whereas in North America, and concern, the Ford, reports having made and sold 185,000 during the past season. The output of all American concerns has been estimated at 400,000 for the 1913 season.

A number of United States Companies assemble their cars in Canada, while there are one or two Canadian manufacturers, the most important being the Russell Motor Company.

The number of cars imported by Canada from the United States during the past five fiscal years ended March, 1913, is 11,214. The value of the 1912 importations was \$6,077,497. In 1908, 663 cars were imported from the United States, and in 1912, 8,680.

## RESULTS OF THE BALKIN WARS

A striking illustration of the terrible human waste in wars furnished by the census just taken of the Bulgarian territories acquired by conquest. The male population of that portion of Macedonia, allotted to Bulgaria, was reduced during hostilities from 175,000 to 42,000. In Bulgaria Thracian only 223,000 males remain out of a total before the war of 494,000, while in the district of Mustapha Pasha, where fighting waged long and fiercely, only males are left of 33,000.

## Scandal in High Society

Helen Augusta, Wynd is suing Will D. Seiver for breach of promise. The trial will be held in the Empire Theatre before the M. G. L. supreme court judge, Wood N. held on the bench. This promises to be one of the most laughable events of the season. Do not fail to see it. Reserved Seats on sale at Hall's Drug Store. Remember the date, Thursday, January 29th.

## Brick Go Through Fire Before they Go to You.

They are made from clay and the clay is burned in a heat that averages 2300 degrees Fahrenheit—a heat far greater than any fire they will ever be called upon to pass through in the walls of your house.

This is what makes Brick Fire-proof.

That is what makes Brick Frost-proof.

That is what makes Brick Imperishable.

### Build Your Home of Brick-IT'S ECONOMY

True economy not only takes in the first cost but the cost that is to come. Brick houses of average construction cost but a few dollars more than lumber or stucco—say \$150. on a \$3,500 house. But when they are erected, cost stops. There are no repairs to be figured on. There is no painting to be counted in every 3 or 4 years. There is no depreciation in price—consequently your house will sell for what it cost you, plus the increase of the value of your lot in the meanwhile. There is a reduction in the insurance rate of 37 per cent over concrete or stucco and more than 50 per cent over lumber. There is a reduction in fuel bills because brick keeps out the frost in winter. There is comfort in summer because brick keeps out the heat. And above all you can borrow more money from your bank on a brick house ten years after it is constructed than you can on a lumber or concrete of the same value in the same period of time. When you build, build for true economy.

## SUNDAY SCHOOL LESSON

LESSON IV.—FIRST QUARTER

Text of the Lesson, Luke viii. 1-3:—  
38-42—Memory Verses, Luke x. 40-  
42—Golden Text, Matt. xxv. 40—  
Commentary by Rev. D. M. Stearns.

of Jesus, "a fascinating one and found in chapter viii, 3, concerning the woman who ministered unto Him of the anointing oil." This woman ministered to Him when "he was in humiliation, as they did in the wilderness after His conflict with the devil." He was there "in the wilderness in Gethsemane and at His resurrection and no doubt always, according to Pa. cli, 20, 21, where we read of them ministering to Him, so that we may hear, heartily unto the voice of His word."

What an honor unpardonable for us, who are called "Christians," to minister to Him! He made us, who came from heaven to redeem us, who died for our sins, who as the risen Lord will share His kingdom and glory with all who believe in Him.

And tidings of the kingdom of God (viii, 1) and giving samples of life in the kingdom by healing all manner of disease (Matt. iv, 23), for when the kingdom comes 'the inhabitants shall not say, I am sick, and the people that dwell therein shall be forgiven their iniquity' (Isa. xxxiii, 24).

Forgiveness of sins is the first step toward the kingdom, as we learn from Luke xxiv, 46, 47; Acts xiii, 38, 39, and that this is the privilege of all who receive Him is plainly set forth in Eph. i, 6, 7; Col. i, 12-14; Rev. i, 5, 6. We must not think of the church as

ought but that spoken of by our Lord when He taught us to pray: "Thy kingdom come, thy will be done, as in Heaven, so on earth" (Luke xi, 2). His will will begin with Israel, who shall be all righteous, and all of them shall know Him from the least of them unto the greatest of them.

Jerusalem shall be the throne of the Lord, and all the nations shall be gathered unto it to the name of the Lord, for it shall be the first city of truth on earth (Isa. lx, 2; Jer. xxxi, 34; Ill, 17; Zecha. vi, 3, 7, 8, 22, 23).

While we wait for the kingdom and live to hasten it, (not extend it, as

The words 'unto Him' in verse 3 of this part of our lesson suggest many most helpful words for our daily life, such as 'unto Him that over us,' 'to

glory, into Him who died for us and rose again! (Rom. 1, 5; Eph. 11, 20; 11 Cor. v. 15). As to the women ministering, note Paul's reference to the women who labored with him in the gospel (Phil. iv. 3); that the gospel was first preached in Europe at a woman's prayer meeting, and the first convert seems to have been Lydia, who received the apostles into her house and took care of them (Acts xvi. 13-15). Note also the revised version of Ps. lxxviii. 13.

may be glorified through Jesus Christ (I Pet. iv, 13). However much we may be able to do, we should always, as David did, "All things come of thee, and of thine own have we given thee" (I Chron. xxix, 14).

In the second part of our lesson we have a home scene, that blessed honored home in Bethany, and the sisters ministering each in a somewhat different way. Mary could not have been idle or neglectful, else the Lord would not have commended her. I have no doubt but that she did all that was necessary, evidently all

she found time to sit at Jesus' feet and hear His word. Martha wanted more than either her sister or the Lord thought needful and was a bit put out with Mary for not thinking she did.

Happy are those housekeepers who would rather please the Lord than their visitors and who always count upon the Lord as one of the guests. Simple fare is more acceptable to Him, who was oft content with bread and fish, than the superfluities of life. Although Martha did not serve care free as Mary on this occasion yet it is written, "Now, Jesus is seated at the table."

(John 11, 5). He loved them all, why is Martha there mentioned name and not her sister? Is it cause weakest lambs have larger share of the shepherd's love?

Was it for the same reason that gave Simon Peter a special interest above on the resurrection day? (Lxxiv, 24). After the resurrection Lazarus He was again in his home, and Mary anointed him before his burial. They made it a supper, and Martha served, and there is no further mention of her being numbered (John xii, 5-7).

**No Will Discovered**  
Rome.—The search of the apartments of the late Cardinal Rampoldi which was begun after his death being continued. A particularly close inspection was made of the wardrobe where according to a note left by the cardinal, attached to a key, was contained his alleged last testament would be found. It was possible that the wardrobe might contain secret apartments, but examination made a minute examination and satisfied that they had overlooked nothing. But the testamentary

The 35th Central Alberta Horse: To be Major, Captain J. C. Moore, vice Major H. L. Gault, transferred to the reserve of officers.

The 10th Light Horse: To be Major, Captain F. J. Hill, vice Major the Hon. C. F. Manners, deceased.

10th Alberta Dragoons: To be Captain, Lieut. C. F. Weaver, vice Captain R. G. Hardisty, transferred to the corps reserve.

101st Regiment, Edmonton Fusiliers: Captain F. G. Fox vacates the appointment of signalling officer and is seconded for duty with the Canadian Signal Corps.

## NEW RULES WILL SHUT CANADA OUT

Ottawa, Jan. 22.—The minister of militia and military men in the capital are eagerly awaiting the full report of the meeting of the National Rifle association yesterday, when according to cable reports, it was practically decided to adopt regulations which would prove a bar to Canadian rifle shots.

When asked of his opinion of the reported decision, Mr. Hughes said today that he could take no action of a definite character until he had a full report of the proceedings. He pointed out that the meeting yesterday was a preliminary one and that anything reached would be of a more or less temporary character.

It will be remembered that some days ago the minister of militia announced that if the rifle rights used by Canadian riflemen were barred, Canada would withdraw altogether from the Bialy competition.

Winnipeg's First Magistrate Dead  
Winnipeg, Jan., 17.—Col. J. J. Moore, the first provisional police magistrate in Winnipeg, died today. He was a well known old timer, and had sometimes been termed the father of cricket in Manitoba. For years he was the official umpire in the Winnipeg Cricket league.

## UNCLASSIFIED ADS.

LADIES Tailoring and Dressmaking. Mrs. McManis, last street of Trowell, near Presbyterian Church. 22

FOR EXCHANGE.—100 Acres of well improved land, 7 miles from Redcliff and 2 from Bowell, for Redcliff or Medicine Hat property. A. E. Penz, land, Bowell. 14
